DIARY NOTES

DD/S

13 May 1965

1. I conferred with Larry Houston on a memorandum to the Director regarding his desire to build a Government-owned, official residence for the Director of Central Intelligence on Agency property. I sent the Director a memorandum advising him that this construction would require legislation.

3. John Clarke called about the following:

a. He said that he would like to be put on distribution for the monthly Status of Construction Report by the Office of Logistics. I, of course, approved and said that, if he has any modifications which would make the report more useful for his purposes, I was sure we could modify it to avoid preparing two reports.

b. John felt that the committee on the development of a statistical reporting system for nonstaff personnel has not adequately considered the budgetary aspects of the problem. He will make some suggestions regarding his requirements, and then we will have to take a look at it to see what we do next. There seems to be no question that we will have to put the committee back to work before we come up with a satisfactory solution to this problem.

* * * * *

4. I had several conversations with Admiral Raborn about his housing. He decided to rent the furnished house on Hawthorne Place, which will be available from 27 May until 30 September. At the Admiral's request I

talked with Mr. Bergmann at the Riggs National Bank, who in turn talked with Bob Groom of the J. Fuller Groom Realty Company and with Bill Miller of the W. C. and A. N. Miller Development Company. [REDACTED] will show Mrs. Raborn some Groom real estate this afternoon, including a lot on Savile Lane on which the Raborns might build a house.

6. Larry Houston showed me the favorable ruling from the Comptroller General on our request that Admiral Raborn be paid in accordance with the Dual Compensation Act of 1964. He also showed me a letter which he had drafted to John Macy for Admiral Raborn's signature requesting that he be allowed to draw both his civilian pay and his full retired military pay. This would be possible if the Civil Service Commission should decide to permit it.
